The Power of Community

At a time when globalization and technology are making our world smaller, education must be bigger, do more, accomplish the unprecedented. And we must do it together. At Parker, our unique educational experience is collaborative, progressive, inclusive. Within our halls, people of many cultures, backgrounds and perspectives come together to learn and act with clarity and empathy. Parker is a true community school, a hub of intellect, curiosity and engagement in our city. All this is possible because families, faculty, staff, alumni and the broader community empower Parker as one. Our shared dedication to excellence and the generosity of many supporters allow Parker to continually elevate academics, sustain outstanding facilities and programs and open doors to new learners. In the pages of this report, you will see the power of our community at work.
Parker knows each child so that each child can know themselves and the world.

Talented teachers and staff open opportunities for students to discover how and why to discover.

And administrators, board members, alumni and past and current parents support Parker’s mission to educate for character and citizenship in a diverse democracy and global community by providing essential resources for our school to thrive.

Among the many ways Parker leads as a vital civic institution is through our visiting scholars program, which features many national and local thought leaders. In 2018–19, Parker hosted visits by:

- **Dr. Eve Van Cauter, Robert A. Pritzker Visiting Scientist•Inventor•Engineer in Residence**: Professor of Medicine at the University of Chicago and Director of the Sleep, Metabolism and Health Center

- **Dr. Shauna Shapiro, Francine C. Rosenberg Memorial Lecturer**: speaker, author and Professor of Psychology at Santa Clara University

- **Duchess Harris, Race, Privilege and Community Conference**: author, professor and Chair of the American Studies Department at Macalester College

- Northwestern University Provost **Jonathan Holloway**, American University Professor of History and International Relations **Dr. Ibram X. Kendi** and scientist in residence in liberal arts at the School of the Art Institute of Chicago **Eugenia Cheng, Administrators of Color in Independent Schools Conference**

- **Music of the Baroque, Joan W. Harris Visiting Music Scholars in Residence**: resident ensemble at the Harris Theater performing 17th and 18th century music for nearly 50 years

- **Naomi Shihab Nye, Jeanne Harris Hansell Endowed Poet in Residence**: author of short stories, essays and novels and author or editor of more than 30 volumes of poetry

- **Wes Moore, Young Men of Color Symposium Keynote Speaker**: author and Director of the Robin Hood Foundation

If a school should beam, then Parker beams because of the loving generosity and caring community spirit of all in our school, and for that, I am most grateful.

WES MOORE VISITS PARKER
Board of Trustees Chair
Rika Yoshida

During the 2018–19 school year, Francis W. Parker School advanced its mission by educating students to think and engage as citizens and act with empathy, clarity and courage. During my first year as Chair of the Board of Trustees, I have found enormous support and inspiration from our administration, fellow parents, faculty, students and the alumni community, and I am grateful.

As a longtime parent and trustee, I am lucky to witness the energy, creativity and dedication that Parker’s faculty and staff bring to their work each day and the positive impact they have on students and their learning, confidence and growth. Ensuring we position Parker’s faculty and staff to deliver an engaging, outstanding educational program year after year while building the school’s long-term vitality and sustainability remains a top strategic priority for the board.

Working closely with Principal Dan Frank and his administrative team, we continue our commitment to growing Parker’s endowment, which remains the most impactful way to expand access and affordability and increase socioeconomic diversity, while maintaining our leadership in progressive education and enabling consistent improvements to our facility and related resources. In light of this commitment, we ended 2018–19 in fiscally sound condition, operating with a balanced budget of $35 million and an endowment balance of $52 million.

As is typical for most private schools, our operating model anticipates that tuition and fees will cover only 86 percent of our operating costs. We rely upon annual fundraising efforts and an appropriate annual draw (targeted at 5.0 percent) from our endowment to fund the remaining gap. Fundraising highlights from the 2018–19 school year include:

- 75 percent of parents participated in annual giving to the Parker Fund, contributing more than $1.3 million.
- $924,000 in proceeds from the 2019 Cooke & the Colonel Dinner supported financial assistance to help make Parker a more accessible and affordable school.
- 13 percent of alumni contributed to Parker’s annual operations, and 22 percent of alumni celebrating a reunion gave to various areas across the school.

Thank you for contributing, in all the ways you do, to this vibrant, special community. Only when we work together are we able to keep Parker a school that is inspiring, inclusive and supportive for all our students, faculty, staff, administrators and families to enjoy, now and in the future.

PARKER CELEBRATES AT COOKE & THE COLONEL DINNER
Anita McCormick Blaine
Planned Giving Society

Anita McCormick Blaine, Parker’s founding benefactor, established Francis W. Parker School when she contributed more than $3 million to cover the financial needs of the school for its first 30 years—from 1901 to 1931.

Thanks to her founding gift and the generosity of so many who have given in her memory, today more than 900 students and their families enter our school each fall to begin a year-long process of learning and growth. These students are creative, open-minded, intellectually curious and resilient learners who rely on a community of supporters, like you, to enrich the educational experience at our school.

A planned gift is a special gift. It connects your story and past with Parker’s future. Whether you are passionate about supporting our endowment, financial aid, programs, facilities or general operations, by including Parker in your will and estate plans, you impact the experience of every student today and may well strengthen their bond with Parker in the future.
