The Power of Community

At a time when globalization and technology are making our world smaller, education must be bigger, do more, accomplish the unprecedented. And we must do it together. At Parker, our unique educational experience is collaborative, progressive, inclusive. Within our halls, people of many cultures, backgrounds and perspectives come together to learn and act with clarity and empathy. Parker is a true community school, a hub of intellect, curiosity and engagement in our city. All this is possible because families, faculty, staff, alumni and the broader community empower Parker as one. Our shared dedication to excellence and the generosity of many supporters allow Parker to continually elevate academics, sustain outstanding facilities and programs and open doors to new learners. In the pages of this report, you will see the power of our community at work.
Critical thinking. Empathic character. Inclusive citizenship. These concepts have grounded Parker for more than a century. These core values shape our mission and root us firmly, allowing our students and teachers the freedom to flourish as each generation faces its own challenges and strives to create its own opportunities for growth, learning and community.

Parker thrives because of the engagement of everyone in our community and our commitment to educate and mentor students as they develop the confidence to apply their knowledge, skills and values to make a difference in the world.

Parker also continues to be a community resource for learning and citizenship. In 2017–18, Parker hosted talks by these thought leaders:

- **Eric Liu, Francine C. Rosenberg Memorial Lecturer:** author, founder/CEO of Citizen University, executive director of the Aspen Institute Citizenship and American Identity Program
- **Ta-Nehisi Coates, Family Action Network speaker:** author, MacArthur Fellow and national correspondent for *The Atlantic*
- **Julie Lythcott-Haimes, Nightviews speaker:** author and past dean of freshmen and undergraduate advising at Stanford University
- **The Chamber Music Society of Lincoln Center, Joan W. Harris Visiting Music Scholars in Residence:** distinguished musicians based in New York City who tour nationally
- **Rick Stevens, Robert A. Pritzker Visiting Scientist•Inventor•Engineer in Residence:** professor in the University of Chicago's Department of Computer Science and associate laboratory director in Computing, Environment and Life Sciences for Argonne National Laboratory
- **David Farber ’74, Nightviews speaker:** author and Roy A. Roberts Distinguished Professor, Modern America, in the University of Kansas’s History Department
- **Lisa Damour, Nightviews speaker:** *New York Times* columnist, CBS News contributor and executive director of Laurel School’s Center for Research on Girls

Parker is able to be Parker because of the generosity of so many in our community—with their time, their ideas and their resources—that ensures the school can provide an outstanding education for all students, now and in the future.

For all the care and love people extend to our school, I am most grateful.
BIG BROTHERS AND SISTERS MORNING EX

A COMMUNITY EFFORT TO MAKE CHANGE HAPPEN

A CONVERSATION WITH TA-NEHISI COATES
During the 2017–18 school year, Francis W. Parker School advanced its mission by educating students to think and engage as citizens and act with empathy, clarity and courage. I remain grateful for and proud of our administration, faculty, students and enthusiastic community. As I reflect on the past year, I appreciate this and much more.

More than 940 students walk through Parker’s doors each day to a place where everyone strives to put learning and educational experiences first. For students, Parker is a vibrant environment where citizenship, creativity and curiosity guide what we do each day. Our expert faculty and administration use a thoughtful combination of curriculum and classroom instruction to achieve two of our strategic goals: educational leadership and inclusive community. The Board of Trustees continues its focus on our other strategic goal: the school’s long-term vitality and sustainability. We work closely with Principal Dan Frank and his administrative team to realize the school’s vision and plan for the future.

Growing our endowment remains the most impactful way to expand access and affordability, while maintaining our leadership in progressive education and enabling consistent improvements to our facility and related resources. To that goal, we completed the 2017–18 year in fiscally sound condition, operating with a balanced budget of $34 million and an endowment balance of $53 million.

As is typical of most private schools, our operating model anticipates that tuition and fees will cover only 85 percent of our operating costs. We rely upon annual fundraising efforts and an appropriate annual draw (targeted at 5.0 percent) from our endowment to fund the 15 percent gap. Other highlights of this year’s support include:

- 70 percent of parents participated in Parent Annual Giving to the Parker Fund, contributing more than $1.3 million.
- $1.34 million in proceeds from the Parker Auction supported the financial aid program.
- 11 percent of alumni contributed to Parker’s annual operations, and a total of 14 percent of alumni gave across all funding areas.
- We raised nearly $60,000 from the final Great Parker Garage Sale, a tradition of more than 20 years that has raised more than $1 million for financial aid and been a hallmark of the community.

I encourage our entire community to celebrate the unique educational experience at Francis W. Parker School and all that we have accomplished together in strengthening our commitment to access and affordability while moving the school’s mission forward. I invite all of you to help make our community inspiring, inclusive and supportive for all our students, faculty, administrators and families to enjoy.

Thank you for your continuing support and engagement in our community, and please join me in welcoming Rika Yoshida, who takes over as the President of the Board for the 2018–19 school year.

As of June 30, 2018, the endowment was valued at $53.1M, up from $51M the previous fiscal year. Total spending and transfers of $2.9M funded the initiatives supporting Parker’s educational programs through a spend-down of 5% and a onetime reclassification of funds. During fiscal year 2018, the Board agreed to reclassify Board-designated funds previously recorded as quasi-endowment funds of the school. The school moved the Board’s quasi-endowment funds’ balance of $799,000 to the school’s operating fund; this transfer is included in the total endowment spending and transfers of $2.9M. Use of the reclassified funds will be at the Board’s discretion. The endowment received cash gifts of $0.9M this fiscal year as compared to $3.5M last fiscal year. Investment increase for fiscal year 2018 totaled $4.1M.

Parker’s Endowment Funds

Parker’s endowment funds allow us to support our students, empower our teachers and strengthen our community. Unrestricted contributions to the endowment and the establishment of named funds are one way to ensure Parker’s financial sustainability.

The Susan F. Berkowitz Award for Outstanding Service to Children, established in 1999, honors the life and work of the late Dr. Susan F. Berkowitz. Parker’s continuing support of this student-run award is a testament to Dr. Berkowitz’s many good works at the school, her devotion to the well-being of all children and her spirit and approach to life.

The Francine C. Rosenberg Memorial Lecture Series, established in 1996, honors the memory of one of our most dedicated and effective volunteers. The Lecture Series is dedicated to exposing Parker and the extended community to innovative views, philosophies and teachings relevant to the education of our children and how we live our lives.

The Science Fund, established in 2007, supports science programs and science faculty development.

The TIDES Fund, established in 2014, is a concrete effort to maximize the tools of the 21st century (Technology, Innovation, Design thinking and Entrepreneurship for Society) to provide students with learning experiences that will make them impactful, socially conscious leaders in a globalizing world.

The Tuition Remission Fund facilitates the recruitment and retention of excellent faculty and staff.

The Weekly Fund, established in 2006 to honor the memory of Brad Davis ’98, editor-in-chief during the 1997–98 year, supports the production of Parker’s student-run newspaper.

Anita McCormick Blaine, Parker’s founding benefactor, established Francis W. Parker School when she contributed more than $3 million to cover the financial needs of the school for its first 30 years—from 1901 to 1931.

Thanks to her founding gift and the generosity of so many that have given in her memory, today more than 900 students and their families enter our school each fall to begin a year-long process of learning and growth. These students are creative, open-minded, intellectually curious and resilient learners who rely on a community of supporters, like you, to enrich the educational experience at our school.

A planned gift is a special gift. It connects your story and past with Parker’s future. Whether you are passionate about supporting our endowment, financial aid, programs, facilities or general operations, by including Parker in your will and estate plans, you impact the experience of every student today and may well strengthen their bond with Parker in the future.
