2021 Summer Programs at Parker: COVID-19 Waiver, Release, Indemnification of all Claims and Covenant Not to Sue

Agreement with this Waiver is required as part of registration for Summer Programs at Parker

The novel Coronavirus/COVID-19 ("COVID-19") is an extremely severe and contagious acute respiratory virus that spreads easily through person-to-person contact via respiratory transmission. COVID-19 is considered a worldwide pandemic. Asymptomatic people can transmit the virus.

Francis W. Parker School has implemented comprehensive procedures to reduce the potential risk of COVID-19 exposure on campus. Francis W. Parker School will continue to work closely with local officials and adhere to applicable state and local orders, Department of Health information, and the Center for Disease and Control guidelines and recommendations. Despite all of these precautions, the risk of contracting and spreading COVID-19 cannot completely be eliminated. In the interest of limiting the risk of an infected person entering the building, we ask the following:

- Do not send your child to or visit Francis W. Parker School if they/you have and/or exhibit any symptoms of COVID-19 as defined by the Centers of Disease Control and Prevention, the Illinois Department of Public Health, and/or as outlined in Francis W. Parker School’s COVID-19 protocols. Anyone exhibiting symptoms of COVID-19 will immediately be sent home where they must remain until they meet the conditions for return as set forth by Francis W. Parker School’s COVID protocols.
- Do not send your child or visit Francis W. Parker School if they/you have tested positive for COVID-19 or if they/you have had close contact with someone who has tested positive for COVID-19 within the last 14 days.
- Anyone participating in a summer program who is experiencing any symptoms of COVID-19 is required to self-report to the Nurse’s Office (nurse@fwparker.org).
